17 September -A program of parent training to engage parents in vocational work on information about the National Trust & ARUNIM plan about treating Vocational work as a business; the Ma Sharada Mothers' Group to further develop as an SHG that could help in organizing regular Vocational work so that the students who have received training could begin to earn regularly.

They were informed about a proposal for a new Economic Enterprise and Empowerment challenge (E3) The Economic Enterprise and empowerment challenge has been devised by The National Trust to encourage microfinance initiatives in NGO's across India. The initial Expression on interest and Application form were submitted in November 2010.

Mike Lunn and Mrs Devyani Halway (a parent of one of the students) attended the training on 20th & 21st December on "how to write a proposal". to develop business proposals to be entered into the E3 competition.

The two - day training covered the development of a product or service to meet demand from customers or clients. It also explored customer profiling and ensuring that customer demand is explored and exploited. The Maa Sarada Mothers Group has now submitted a proposal with the support of Mike Lunn Volunteer Friends of Roshni, UK to be considered in this competition, the prize for which will include financial support and professional services from large funding organisations. The proposal was submitted by the parents group in December/January. They were in the 3rd position for their proposal on Jewellery-making, which is a great credit to them and their hard work.

This will hopefully lead to funding for the vocational unit to be more enterprising with the support of the parents group in the future.

With Mike's help we hope to help the parents to register as Parent Association to conduct the residential scheme of the national trust and support parents in Need.

Roshni UK has raised the £12,000 for the Staff salaries we have received Rs 8,41,963/-in 2010 and further support in April to cover the salary increments.

Friends of Roshni UK set a target of £12,000 for service delivery in 2010, which they were delighted to reach. This money made a difference and enabled Roshni to continue to function effectively, while new sources of funds were sourced. The main support this year has been the Honorarium for staff and the Child sponsorships of 25 students of all ages. They also provide funds for Staff Training and placements and Parent Training and allowance for parent volunteers. The Medical Emergency Fund and the Orthotic fund helps Roshni to give support to families in dire need and it is then replenished by FoR as it is a Recurring fund. The 2 outstation Trips for students and the Support to 4 students for the Anjali National Children's Festival made a difference to the Quality of life for 34 children and adults and 3 mothers who accompanied them with the staff.

The support through the 3 Physiotherapist volunteers coming to augment our therapy department and Mike Lunn HR and development specialist was a great asset too this year. A fundraising person would also be a great help in the future. Total donation Received Rs 841,963

H&H for Handicapped USA has shown an interest in meeting the EI activity for the year 2010-2011 and also to provide some funds for the Phase 2 of the building. The plan for the Building is ready, but we can only go ahead, when we have some more funds available. Smt Patankar met Dr Modak , one of the major contributing members from the organisation, in Pune in February 2011.

The Rotary Club is to be approached for support of the Home Management programme, so that some activities get separate funding and function as a separate Unit.

State Bank Of India, has given us a funding for a special adapted bus in November 2011. There was a delay and we hope that this bus will be delivered in the new financial year.
